Re: DA 12-1863, IB Docket No. 12-340, RM-11683
Public Notices for LightSquared's License Modification Application and Petition

Dear Secretary Dortch:

Thank you for the opportunity to submit comments on behalf of LightSquared and its ongoing efforts to build out a new, competitive mobile broadband network. I have recently been made aware of the company's activities and I want to add my opinion and encourage the Commission to approve the license modification application.

As a small business owner, I understand that competition drives down prices and is ultimately best for customers. That is true for my business and it is true for the wireless industry. LightSquared's new network could provide more choices, lower prices and greater coverage for Missourians all over the state. And, according to recent studies by the Telecommunications Industry Association and others, every \$10 billion capital investment in wireless infrastructure creates 100,000 American jobs.

I want to urge the Commission to approve LightSquared's license modification, which will enable the company to launch its network and provide greater choices for small business owners everywhere.

Thank you for considering my comments and for your service.

With warm regards,

Lori Coulter
